EMPLOYMENT

2013 - PRESENT **Statistical Department of the French Labor Ministry (DARES), Paris, France**
Market Researcher - Labor Market Department

- PRODUCTION** ▶ Assessed the quality of the data on short-time work in partnership with the Employment and Vocational Training Agency (DGEFP) and the Services and Payment Agency (ASP).
- ▶ Conducted a merging of the data on employees in France and on short-time work employees in order to determine how establishments use short-time work at the individual level, to identify the profile of short-time work employees and to assess the impact of short-time work on their careers.
- PUBLICATION** ▶ Produced annual policy reports and quarterly indicators on short-time work.
- COMMUNICATION** ▶ Made the data on short-time work available to the Regional Agencies in Charge of Labor Relations (DIRECCTE), the Secure Data Access Center (CASD) and Eurostat.
- ▶ Answered to the statistical requests formulated by the DGEFP, the DIRECCTE, the National Institute for Statistics and Economic Studies (INSEE) and the Labor Minister.
- ▶ Presented short-time work and its stakes to the DARES, the DGEFP and the DIRECCTE.
- ▶ Organized research conferences as part of the Secure Careers Chair.

2012 - SUMMER **French Treasury, Tunis, Tunisia**
Research Intern - Economic Department of the French Embassy in Tunisia

- ▶ Conducted an assessment of the impact of payroll taxes on the competitiveness and the labor market in Tunisia in partnership with Tunisian and international institutions.
- ▶ Produced weekly press reviews, diplomatic telegrams and thematic notes in order to update the French Treasury website dedicated to Tunisia.
- ▶ Participated in conferences organized by Tunisian and international institutions.

2011 - SUMMER **Siemens, Braunschweig, Germany**
Intern - Department for the Realization of Projects of Railway Lines

- ▶ Conducted an economic study on the railway market in Algeria.
- ▶ Assessed the legal and economic feasibility of a bid for the construction of a main line railway in Vietnam.
- ▶ Set standardized prices for the selling of railway balises to external clients of Siemens.

2010 - SUMMER **French-German University (DFH/UFA), Saarbrücken, Germany**
Intern - Economic Department

- ▶ Updated the French-German University website dedicated to the economic agents (postgraduates and firms).
- ▶ Developed the network of the French-German University and liaised with these associates to organize events in order to raise the profile of the French-German University.
